## **10<sup>th</sup> Shree Naval P. Baliwalla Scientific Session**

---

On 2<sup>nd</sup> of March 2019 the alumni group of Lotus College of Optometry organized the 10<sup>th</sup> N.P.B scientific session to mark the Founder's day. The day had international and national scientific session with cultural event "Eshika".

Our students of Laxmi College of Optometry after their excellence in academics securing 100% results in the university exams also showcased their talents in the cultural event 'Ekshika'. Students of 1<sup>st</sup> and 2<sup>nd</sup> year energetically participated in the cultural competition. There were many national and international performances.

After days of effortless practice and hard work our students by their enthusiastic and energetic performance received the 1<sup>st</sup> prize in group dance competition in the cultural event bringing a pride achiever's score to the institute.

Along with cultural we had our two final year students Mr. Prashant Pawar and Mr. Pranav Sandam also did their poster

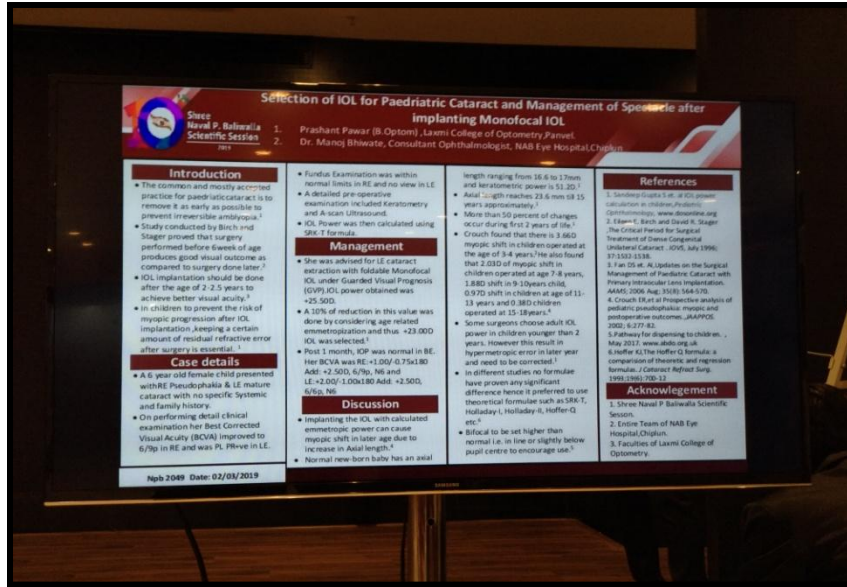

presentations in the scientific session. Special workshop on Evidence Based learning was organized with Dr Ramesh SV. as the speaker.

A scientific and fun filled day was observed and witnessed by our institute.

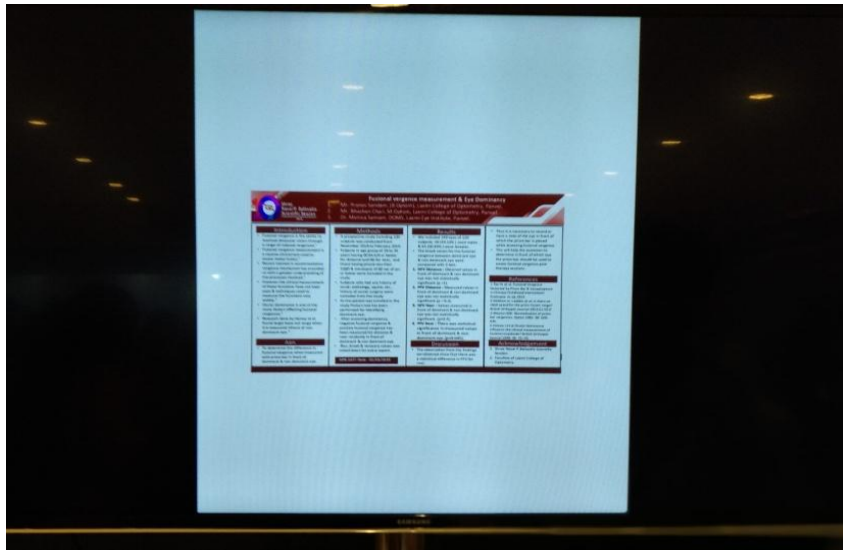

Heartiest Congratulations to all our participants!!!
