

## Myopia Management Conference

Students from Laxmi College of Optometry recently attended academic event Myopia Management Conference held at DY Patil University in Pune under the guidance of Vice Principal Dr Vidyut Rajhans on 23<sup>rd</sup> September 2022. This conference served as a platform for students to delve into the latest advancements in myopia management and exchange insights with professionals in the field. The students showcased their dedication and expertise by presenting informative and visually captivating posters that highlighted their research and findings related to myopia management. Their hard work and innovative approach were met with resounding success, as they emerged victorious, securing well-deserved awards for their exceptional poster presentations. This accomplishment not only highlights the students' commitment to advancing optometry practices but also showcases Laxmi College of Optometry's commitment to nurturing and fostering academic excellence.
