

# Report on Campus Interview at Laxmi College of Optometry, Panvel

**Date:** March 6, 2025

**Venue:** Laxmi College of Optometry, Panvel

**Company:** Lenskart

**Interview Batch:** Completed Internship Batch 2023-24

On March 6, 2025, **Lenskart** conducted a campus interview at **Laxmi College of Optometry, Panvel**, exclusively for students who had completed their internships. This recruitment drive aimed to provide graduates with career opportunities in the optical retail industry, enabling them to apply their academic knowledge and clinical experience in a professional setting.

## Interview Process:

The selection process was structured to assess the candidates' technical expertise, clinical proficiency, and interpersonal skills. It included the following stages:

1. **Company Introduction:** Lenskart representatives provided an overview of the company's vision, work environment, career growth opportunities, and expectations from new hires.
2. **Technical Assessment:** Candidates were evaluated on core optometry skills, including refraction, contact lens fitting, spectacle dispensing, and problem-solving in clinical scenarios.
3. **HR Interview:** The final round assessed communication skills, confidence, and suitability for the available job roles.

### **Outcome & Student Feedback:**

The interview process was well-received, with students showcasing their professional knowledge and practical skills. The Lenskart team appreciated the candidates' enthusiasm and expertise, leading to multiple selections for full-time job roles within the company.

### **Conclusion:**

This campus recruitment drive provided a seamless transition from academic training to industry employment, reinforcing the strong industry-academia collaboration at Laxmi College of Optometry. The institution expresses gratitude to Lenskart for offering career opportunities to its graduates and looks forward to future engagements that will benefit aspiring optometrists.
